

## YES Institute Speakers Bureau

YES Institute is invited throughout the community to open a dialogue about youth safety as it relates to the topics of gender and orientation. Venues include: **public and private schools, university classrooms, churches and synagogues, healthcare agencies, police departments, and businesses.**

*The mission of YES Institute is to prevent suicide and ensure the healthy development of all youth through powerful communication and education on gender and orientation.*

*Norland Senior High School.*

YES Institute introduces the topic of gay, lesbian, and transgender youth and gives people, often for the first time, an opportunity to openly ask questions and discuss concerns. All facilitators and speakers are trained to use a model of communication that encourages participants to examine and safely express their points of view.

*Turner Tech High School.*

**The greatest impact of a presentation is the genuine voices of YES speakers – students, parents, and clergy – who authentically share their heartfelt experiences and challenges.**

The audience is encouraged to ask questions without fear of judgment or censure, and share any concerns they may have. The questions and answers that follow often unravel fears and confusion that have gone unspoken and unexamined.

Schedule a presentation by calling Joseph Zolobczuk at **305-663-7195 x1112**

Our speaking engagements are updated daily at:
